

**J. Randy McKnight**

Board Member ó Panoramaland RC&D Council

J. Randy McKnight  
Representing Juab County

Randy has been an active RC&D Board member since inception of the Panoramaland RC&D Council in 1993 representing Juab County. He is the former executive director of the Six County Economic Development District and a 25-year board member of Six County Economic Development District, including term as Chair.

He has served as the Nephi City Administrator, since June of 1980 and is also a member of the Nephi City and Juab County economic development team.

His professional experience includes regional criminal justice system planning, member of the International City/County Management Association and a BA and MPA from Brigham Young University.

He is married to Suzanne McKnight and together they are the parents of 6 children and have 17 grandchildren.

He became involved with the RC&D as a result of his then-existing roles with the economic development district. When the RC&D was formed, a single board of directors served both the economic development district and the brand new RC&D efforts. Over time, the RC&D became independent of the economic development district. His time with the economic development district came to an end, and he became involved in drafting and implementing by-laws revisions and creating policies and procedures for the reorganized RC&D operations. He has continued his involvement because of the potential the RC&D has to help foster responsible development and community improvement projects in the area.
