

October, 2013

Dear Friend,

By way of introduction, the Panoramaland RC&D was created several years ago in the state of Utah as a federally recognized non-profit organization under the Internal Revenue Code section 501-c-3. Its original purpose was to work in the 6-County area alongside the federal Natural Resource Conservation Service agency. The RC&D's scope not only relates to natural resources but also includes other area needs such as economic development, community involvement and the ability to act as a fiscal agent for groups seeking grants, just to name a few. Since 2012, we have become autonomous from any other supporting group or agency.

As a part of our community involvement, we have aligned ourselves with a national organization known as Honor Flight that charters local hubs across the country that raise funds and organize committees to send our military veterans, primarily WWII vets while we still have them with us, along with volunteer guardians and other volunteers on a whirlwind 3-day tour of some of the war memorials and museums in the Washington, D.C. area.

We have been awarded the hub for the state of Utah and we currently raising funds to get groups of veterans of all service branches and campaigns to the memorials to relish in the feelings of honor and patriotism so becoming of our veterans. It is with this goal in mind that we are reaching out to corporate sponsors and other organizations for help.

The RC&D is registered with the State of Utah to solicit donations, we are registered with the State of Utah Department of Commerce and we have the application to operate under the name of Panoramaland Honor Flight of Utah in the hands of the Commerce Department for approval.

We direct you to our web site, www.panoramalandrcd.org for more information about us and you will find more information about the honor flight activities with a link to the national Honor Flight organization, www.honorflight.org. We are looking for volunteers to help organize these flight groups, as well as funds to get these veterans off on a once-in-a-lifetime tribute. Do you have any veterans in your family or company? Please join us for a fitting salute to their service.

Thank you,
Panoramaland RC&D Officers & Board
